

Doris Marie Cole

September 21, 2023

Doris Marie Cole, 58, left the pain of this earthly body on Thursday, September 21, 2023. She will be rejoicing with those proceeding her death; to include her mother, Donna F. York, her stepmother Jeannie R. Cole, her sister Kelly Sue Owens, her brother Alexander Cole, and her two beloved sons Estill Logan Cole and Raymond Franklin Hulse II. Remaining here with our hearts of grief and memories, her father Estill Cole, her brother and sister-in-law Hank and Paula Williams, daughter Donna Cole, her beautiful grandbabies, and countless others. Doris was known to live by her own rules and at her own speed, unfortunately for the rest of us, death is the one time she decided to be earlier than we hoped. During her time here, Doris was intent on finding a way to show she cared about the world. Whether she was crafting you a gift, making you a meal, planning an event for you, she was trying to express her love by sharing many of her variety of interests. She will continue to dance to her own tune in our hearts. Until we are reunited, may her song live on with us.
