Helen was a retired paraprofessional from the Fayette County School system. Helen worked a host of caregiver jobs throughout her career and her love for the children under her care shown through. If you were in public with Helen those kids some grown would approach and hug her and tell her how much they loved her. In those instances Helen would just beam. She prided herself on the love and care that she showered the children's lives she touched with. Helen was a wonderful daughter, sister, wife, mother and grandmother. The void her death will leave will be felt by the many lives she touched. Helen and Larry never had biological children but loved and raised Erica and Michelle like their own. They doted on those girls and gave them the love and supports needed. Then the grandkids came along and completed Helen and Larry's life, the first being Caitlyn. Helen and Larry spent their last years attending to the

needs of their grandchildren. The running for sports or practices and the things grandparents do. Helen and Larry enjoyed their lives together in quiet time spent playing games on the computer or caring for the many houseplants that Larry had acquired.
